

Information Erezsässhütte & Schifer Berghaus

Dear house guests and friends,

To make your journey easier, here are some tips and hints:
Insofar as nothing has been agreed with me (T&S Entertainment AG), the following information applies.

Access from all over Switzerland is via Landquart (motorway exit). Then you drive through the beautiful Prättigau in the direction of Davos/Klosters.
To Klosters: Attention, don't forget to turn right, otherwise it will go through the tunnel to Davos.

Once in Klosters, look for a parking space. We recommend the "Alte Eisbahn" car parks or the car parks at the Kulturschuppen. Then please contact the taxi company Bardill on 076 377 77 66, which will organise transport to the Schifer mountain restaurant.

There are no taxis between 11:00 a.m. and 3:00 p.m. (winter hiking trail)

Attention: You are not allowed to drive yourself... This is strictly forbidden!! We are not allowed to carry out passenger transport for insurance reasons.

Please negotiate or agree on taxi fares and prices yourself with the taxi company, this also applies to the transport / departure.

There are no reserved parking spaces for mountain hotels in Klosters and Davos!

For larger groups, we recommend making an appointment with the taxi company in advance.

Please pay taxi rides (invoice) immediately to the taxi driver!

For guests who have a lot of luggage with them, it is advantageous to contact me on the way up so that we can pick you up from the Schifer.
